**Re: Paragon Systems Inc.**  
Case 21-RC-262136

Dear Mr. Olszewski:

This letter acknowledges receipt of the Intervenor's Request for Review in the above-referenced case.

Sections 102.5(a) and 102.67(i)(1) of the Board's Rules and Regulations provides that filings must be double-spaced, except that quotations and footnotes may be single spaced. In addition, briefs that exceed 20 pages must contain a subject index (or table of contents) with page references and an alphabetical table of cases.

The Intervenor's request for review is single-spaced. Accordingly, I cannot transmit it to the Board for consideration. **Should you still desire to file a request for review, you may do so by conforming the brief to the Rules and resubmitting it. Such a conformed request for review must be filed by Thursday, August 20, 2020. No extension will be granted for the conforming and refiling of this request for review.** Further, you are cautioned not to make additional argument or other substantive changes when conforming and resubmitting your request for review. This additional time to resubmit your answering brief **does not serve as an extension to the other parties for filing oppositions to the request for review. Thus, oppositions to the request for review remain due on Friday, August 21, 2020.**

Very truly yours,

/s/ Mark G. Eskenazi  
Associate Executive Secretary
